## HSIN-INTEL PORTAL

Please check the recently-updated HSIN-Intel portal for new homeland security related products. HSIN-Intel functions as part of the Homeland Security Information Network (HSIN), and functions as the successor to HS-SLIC (Homeland Security State and Local Intelligence Community of Interest). Fusion center personnel who do not have a membership with this Community of Interest (COI), contact the I&A Intelligence Officer that is assigned to your Fusion Center to request access. Joining this COI will provide you with access to a consolidated location for homeland security information, including P/CRCL issues.

## TECHNICAL ASSISTANCE

**The CRCL Institute Provides Ongoing Technical Assistance and Training Support for Fusion Center P/CRCL Officers.**

The DHS Office for Civil Rights and Civil Liberties and the DHS Privacy Office support the P/CRCL Officers at the primary and recognized State and Major Urban Area Fusion Centers through a technical assistance and training (TAT) program. Assistance is offered directly to the Officers and also support the Officers in their own local training efforts. The TAT program includes a bi-weekly Centers, periodic webinars, training design and materials support, over-the-phone assistance and web-based resources.

**DISCLAIMER:** The above open source news links cover a range of topics from a variety of perspectives that may be of interest to personnel at State and major urban area fusion centers and related Federal partners. The DHS Office for Civil Rights and Civil Liberties (CRCL) does not necessarily endorse any of the viewpoints expressed nor can CRCL attest to the accuracy of any of the linked information or materials. The links are offered as situational awareness and in support of the DHS training on privacy, civil rights, and civil liberties issues in the Information Sharing Environment (ISE).
